LOST HIS WAD!

Maysville Merchant Separated From Cash on Eastern Trip

During his recent trip East Mr. Robert Hoedrich was relieved of his wad of money by a light-fingered individual in such a slick manner that he did not discover his loss until he was about to board the train at Washington City, when he became aware of the fact that his assets consisted of a through ticket for home. He congratulated himself that the thief was considerate enough to leave him his transportation, else he would have been in a terrible plight—dead broke in a strange city and seven hundred miles from the land of milk and honey.

UNIQUE PRESENTS

Colonel J. Wes. Lee Gets a Bale and Boll of Cotton

The other day J. Wesley Lee received from H. L. Wells, formerly of this city, now located in Greenville, Miss., a bale of cotton and a sprig containing three full-blown blossoms. The cotton was grown on General Wade Hampton's plantation in Mississippi.

Of course the bale was a miniature one, but was put up in the same manner as the large ones are shipped to market.

The sprig of growing cotton gave an idea of the beautiful sight a plantation must present when the blossoms are full-blown, such as sent to Mr. Lee.

A notable marriage of the early fall will be that of Miss Anna Lee Washington, the brilliant daughter of Mr. and Mrs. George Washington of Newport, and Mr. B. F. Clay, Jr., of Paris, relative of the late Cassius M. Clay.

REPUBLICAN CONVENTION

Mason County Sends an Uninstructed Delegation to Cynthiana

The meeting was called to order by County Chairman W. E. Stallcup.

The Committee reported these resolutions—

Resolved, That we fully indorse the efforts of our President, Theodore Roosevelt, toward the accomplishment of the principles as promulgated by William McKinley, and the fearless and fair manner in which he has met all new issues that have arisen during his Administration—the settlement of the deplorable coal strike due to his good offices, the establishment as a fact, and not a theory, of the Panama Canal, opening a water-way, second to none in the world, that will give new impetus to American commercial supremacy and make us the greatest of World Powers, and the completion of every act undertaken and the fulfillment of every promise made during his Administration; and be it further

Resolved, That we indorse the action of the State Central Committee in taking up the controversy in the Eleventh Congressional District, as we are unalterably opposed to unfair elections and it is our earnest hope and belief that the nominee named in said District will be the one who received the greatest number of votes at the primary, as shown by the returns; be it further

"There Isn't One Really Good Printer in Five Hundred."

Printers' Ink—the leading journal on publicity of all kinds—has the following to say: "There are thousands of printers in this country, good, indifferent, and a lot of bad ones. There isn't one really good printer in five hundred. Intelligent advertisers are willing to pay for good printing, no matter where it comes from."

Printers' Ink knows what it is talking about. Poor printing is a bad investment—it's worse than a blank. A business man's stationery or booklet is like a traveling man—if it's neat, well-dressed and to the point, the first impression is good and your chances of doing business on the strength of it are good.

We realize this. We keep abreast of the times. We know what good printing is and produce it. We are pretty careful not to let a bum job get onto our presses. No press in the country can better our printing and we want you to know it. HAVE THE DAVIS PRINTING HOUSE PRINT IT. PUBLIC LEDGER BUILDING.

Dante's Inferno is not a circumstance in comparison to the doings in Grave alley yesterday. Rachel Clayton, Carrie Hester and Della Moore, notorious characters, were drunk and out for a big time, and for a while they had their own way, until the Chief of Police loomed up and landed them in Jail. They will get about \$50 and ten days this morning when they face Judge Whitaker.

STRANGE things happen now-a-days. The Commercial Tribune tells of a man who was "shot in the woods."

RUSSELL SAGE is 88 years of age and rated at \$170,000,000. He should be eligible for the Democratic Vice-Presidential nomination in 1908.

FROM the way the Russians are hot-footing Northward in Manchuria, with the little Japs spanking them at every jump, the Czaroffsky may have changed his mind about dictating terms of peace from Tokyo.

THE Republican State Central Committee has decided that GODFREY HUNTER hornswaggled DAVE EDWARDS out of the Congressional nomination in the delightful Eleventh District. Talk about nasty messes! Why, even the Republican Editors are holding their noses.—Cynthia Democrat.

'Deed they are, JEEMS; 'deed they are!

But the Democratic Editors are just howling themselves hoarse in behalf of CANTRILL, who was "nominated" by the one-man Democratic Appellate Convention at Lexington.

THE National Encampment of the Grand Army of the Republic at Boston stood by the policy and traditions of the Order. The organization is to be, as it has been, a fraternity exclusively of soldiers who fought the battles of the Union. The Sons of Veterans are not to be

The Pathos of It.

admitted, and there is to be close affiliation with

no other organization. However people, moved by sentimental considerations, may differ as to this policy, all will concede to the Veterans the right to decide the matter for themselves.

Most of the American people would like to see the G. A. R. remain in the matter of policy as it has stood for the last thirty years, even though the time may not be far off when the Order will cease to exist. This would preserve the individuality of the greatest soldier fraternity ever organized, and when every member has answered the last roll-call the record completed will be a blessed memory to the people, to be specially guarded by the Sons of Veterans.

In 1900, when the National Encampment met in Chicago, says The Inter Ocean of that city, the G. A. R. had a membership of 276,662, against 287,981 in 1899. Ten years before the membership reached its maximum—409,489. Since that time there has been a steady decline, the death rate increasing year by year.

In 1890 there were 5,476 deaths in G. A. R. In the year ending June 30th, 1900, there were 7,200 deaths, and in the year ending June 30th, 1904, 9,029. The organization that had 409,489 members in good standing in 1890 has 246,201 now.

The pathos of this decline is not alone in the aggregate, but in the disappearance of Posts from many localities. For years there have been in good standing hundreds of Posts with barely enough members to retain a charter. In such Posts the death of a single man meant the obliteration of the Post. In the last year 277 Posts went out of existence, and there is left in each locality a small group of Veterans where there had been in the beginning a score or a hundred.

The spirit is still there, however. Where the old fighters cannot rally by company or squad they will rally by fours and twos—to keep alive the comradeship born in war.

FUNNY LAWSUIT
Bought Right Sort of Seed—Raised Wrong Sort of Crop
At Lexington the Vogt & Foley Grocery Company has been made defendant in a suit for \$500 damages brought by two farmers, who say they purchased high-grade cantaloupe seed from the grocery.
Two acres were planted in the seed and cucumbers, instead of cantaloupes, were raised. The story is told of a Mason county nurseryman who once sold a lot of pear trees to a farmer.
When the trees came to perfection they bore a huge crop of plums.
Then the farmer kicked.
But the nurseryman was equal to the occasion.
"That's the habit of those trees," said he; "one year they bear plums and the next year they bear pears."
The farmer dropped dead.

There is a Great Difference of Opinion About the Kind of Schoolbooks Our City Should Have. Everybody Who Looks at Them Says
Dan Cohen's School SHOES
Should be used by all the children because of their extra good quality and very low price. We received the largest shipment of good Shoes yesterday that has come to Maysville for many months. Dan Cohen has contracted with one factory for \$100,000 worth of Men's Fine Shoes. Do you know of any retailer in America who makes such a contract? Such buying saves you money. See our fall stock.
